

Corporate Philosophy

We contribute to achieving a sustainable and quality global environment and affluent society through chemistry.

We at all times strive to develop technologies and provide high-quality products to our customers, and bring about the creation of new value.

We respect human rights and fulfill corporate social responsibilities, seek to co-exist with the environment and society around us, and aim to become a company that is trusted by stakeholders.

We promote transparent and sound management, develop the potential of each employee, and foster a culture that maximizes the achievement of the entire company.
